To whom it may concern,

It is truly a privilege to write in support of Royal Respite.

Like so many, I have been amazed over the last few years by the outstanding work of this remarkable organisation.

They have truly been *לפי שיעור*, identifying the unmet needs of individuals and families and providing for them with unusual care and sensitivity.

Over the past year, in response to the challenges of Covid 19, Royal Respite rose to new heights. They expanded their services and developed new initiatives, unstintingly offering support, giving comfort and spreading joy to the many who were suffering from the virus and its effects.

Amongst their services, Royal Respite have been offering short breaks to those in need of some time away; these have proved to be enormously beneficial.

For some time they have wanted to enhance this facility through purchasing a dedicated holiday home that would be equipped with a kosher kitchen and with Shabbos amenities. This project will obviously require substantial investment.

This is a unique *פון* organisation run by a group of selfless people who have made it their goal to brighten the lives of others. They are undoubtedly deserving of our wholehearted support.

With sincere admiration,

Ghiller
